

# Free Software - Free Training - Free Support

## Who Created ClaimX®?

ClaimX uses the latest developing technologies to bring you the fastest and easiest way to process claims. ClaimX gives you an application that takes advantage of existing as well as up and coming technologies that other programs just can't offer.

You will be supported by development professionals with over 40 years of combined experience. ClaimX specializes in developing, supporting and maintaining software for the dental industry.

## Realizing Your Dreams

ClaimX realizes how hectic and fragmented the dental claims management industry has become. ClaimX also understands your staff has more important responsibilities like caring for your patients. ClaimX will put efficiency and productivity back into your day.

## Why do one claim at a time?

With ClaimX, we give you the option of batching all claims at once or doing them individually. How about knowing patients' eligibility and benefits prior to them arriving to their appointment!

## Reducing your Costs

At ClaimX, we realize that time is money. The more time you spend on billing and insurance issues the less time you spend with patients. ClaimX provides the technology to help reduce administrative time on claims, bringing you the savings you deserve.

We provide billing fee options to meet any size office. Whether you do 50 or 15,000 claims per month, the savings will be realized almost immediately. ClaimX can deliver savings of 30% + per month over the national average.

## The Way Claim Processing Is Meant To Be!

ClaimX is an electronic insurance management system that interfaces with your Practice Management System. ClaimX will do more than submit your claims. ClaimX will help with claim processing, claim status and patient eligibility so that your office runs more efficiently.

- Submit Claims
- Print Claims
